5. PUBLIC PARTICIPATION

A resident attended the meeting to discuss a possibility of a crossing being put into the village as she has seen young and elderly residents trying to cross the very busy road through the village and was very concerned that vehicles tend to speed through with no concern for pedestrians. Cllrs explained that the Council had tried in vain to get something done since the retirement of the lollipop man who has not been replaced. Following a discussion it was agreed that the Clerk will send email addresses to the resident for her to contact County Cllr Fabian Eagle and MP Terry Jermy direct. She will also try and drum up support from other residents in the village and also the school.

6. DISTRICT AND COUNTY COUNCILLORS REPORT

6.1 District Councillors Report – not at meeting apologies sent -however, Cllr Kybird sent through the following report by email

Please accept my apologies for this evening due to a prior engagement.

I am pleased to report that at a meeting today of the District Council there was almost unanimous support from those attending for the proposal for a three Unitary solution to Local Government Reorganisation with one single vote against.

May I remind Parish Councillors that any proposal for the status quo was firmly rejected by the Secretary of State and we have therefore had no option but to produce a robust argument in favour of three Unitaries. This has received cross party support from all Districts in Norfolk with the single exception of South Norfolk.

The joint proposal has received substantial support from resident's surveys with over 5000 responses, far exceeding any response to the two alternatives being proposed.

6.2 County Councillors Report – not at meeting apologies sent.

- a) Village Hall Drive – to discuss the way forward regarding residents use of the drive and maintenance costs – The Chair explained that use of the drive by residents alongside the drive has been going on since the 70's and it was really too late to try and stop them, however, there is a sign that has been put up by a resident asking that they do not park on the grass verges near her fence, this is part of the village hall car park and the resident does not have any right to stop people from parking in this area, it was agreed that the Clerk drop her a line asking that she take down the sign.

8.3 Bowls Club

Nothing to report.

8.4 Village Hall

Cllr Wilkins gave the following report.

Well, here we are in September and now we are all looking forward to a beautiful autumn with the trees all decked out with wonderful colours and then hopefully a nice not too cold winter.

The hall is now back and up to running all the clubs that use it except one, all are now fully functional, unfortunately, Weeting Weenies have now packed up completely, there was a chance that one of the mothers would have taken it over, but, as she is now expecting another child she had to decline.

Also, of course, with the new regulations regarding safety for the little ones, anybody looking after children will now have to have the correct qualifications, so we now have a Wednesday morning free for a new club.

We, the committee – well the members that run this village hall have had some meetings in regard to trying to get some funds, the lunch club is certainly a success, so we are trying to think of something else that will bring money into the hall.

A dedicated member of the church has been in touch with us to get together as the church also needs funds, at this moment in time we have arranged to have a joint venture on Saturday 14th February which is St Valentines day, a dance and a band, so fingers crossed, it will be well received by the people who live in this village, sometimes unfortunately, like the Fun Day I did in July, it was an absolute failure, and this Autumn I tried to run a Bring and Buy and white Elephant Stall, but only five tables have been taken, so unless I get at least another 10 tables by this weekend, I shall have to cancel this project.

We, the working committee of the hall have got quite a few things we consider important to get done in the hall, our list is as follows:-

1. Fans for ceiling as hall is very hot in the summer.
2. Heaters for the kitchen side of the hall as hall is very cold in winter on that side.
3. Redecorate the whole hall, the bottom bit around the walls was redone as a temporary measure by Karen and myself, but really the whole hall needs a professional team to do it, not the people who did it last time.
4. The most important job is the ladies and gents toilets to be revamped, in other words completely redone.

This is a pie in the sky dream, but on Friday I am meeting with our local plumber- Gatehouse Plumbing- to get our first quote.

I shall be contacting other firms as the grant people always want at least three quotes.

And – just to say, I am running our usual quiz on Saturday 27th September at £8.00 per head, this includes a full meal of soup, then baked potato and all the trimmings, plus desert and tea and coffee.

8.5 Weeting Village Life

Septembers edition has now been delivered and put on our website.

Deadline for next edition is 14th November.

At this point the Chair asked Cllr Nordan to give a report on the progress of the Church renovations – Cllr Nordan gave a brief update on the repairs that have taken place. He has been involved with the Save the Church campaign for a few years. Following some much needed repairs, they have managed to get the Church re-opened. They have been looking at applying for various grants including at applying for a lottery grant as there is still a lot of work to be done.

It was agreed to add The Church to the agenda under reports.

9. CORRESPONDENCE – To report/note on any correspondence received by the Council

E-mail from resident regarding request for a School Crossing – Clerk has replied and copied in to all Cllrs

E-mail from Norfolk Police - Operation Radium – Request for Support with Trigger Plan – there is a growing threat of courier fraud — a type of scam where criminals contact victims by phone, pretending to be from trusted organisations such as the police, government agencies, or banks.

E-mail from Sam Chapman-Allen and Cllr Bill Borrett - Future Norfolk proposal – publication
